# What is Google Drive?

A website where you can store files of any size or type, typically free of charge.

A storage system that you can access on-the-go on nearly any mobile device.

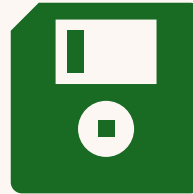

A secure method of storage for your files.

A software that syncs with your Google Account and automatically uploads files you create with that account.

# Advantages of Google Drive

Google Drive comes automatically with your Google Account/Gmail inbox

You get a free **15 gigabytes** of storage with Google Drive's free plan – that's a lot of storage!

Google Drive automatically uploads files you create with your Google Account (ie. Google Docs)

# **Let's explore Google Drive!**

You can see the papers attached to this presentation to review how to use Google Drive after this presentation.
