

TUESDAY TECH TEACHINGS

Just a moment...

The presentation will begin shortly.

A large orange circle on the left side of the slide, partially cut off by the edge.

Topic schedule for this month...

Not-So-Monthly Topic: Summer Fun!

~~Week 1: Trivia-Capitols and World History~~

~~Week 3: No Presentation~~

~~Week 4: No Presentation~~

~~Week 5: Pictures from Alaska~~

~~Week 6: Artificial Intelligence Exploration~~

~~Week 7: Password Managers~~

**Next Month's Topic: Using your Mobile
Devices**

A blue dashed line in the bottom right corner, consisting of several short, curved segments.

What is a Password Manager?

A program where you can securely store all of your passwords.

A way to autofill your passwords when you visit a website.

A way to access your passwords from nearly anywhere in the world.

A way to keep yourself more organized online.

LastPass...|

Today's Topic: LastPass!

What is LastPass?

LastPass is a FREE password manager which you can use to securely store your passwords.

It is an app that you can download on any phone or tablet.

It secures all of your passwords with just one password.

It can automatically fill “autofill” passwords on websites that you frequently use.

Let's explore LastPass!

Just a heads up...

- There are upcoming days where Logan will not be at Abbey Park. *NO presentations or tech help will be offered when Logan is not here.*

- **Presentation Days:**
 - Tuesday, August 12th
- **Tech Help Days:**
 - Monday, August 11th
 - Monday, September 29th (tentative)

Next Week: Who Played Who?

TECH HELP:

Monday – 2:30-5pm

Tuesday: 1:00-3:30, 4:30-5pm

*Logan will be arriving later than usual.

How to Access Past Technology Presentations:

**To make a more streamlined resource access system, I have decided to integrate the Abbey Park Presentations website with my central website.*

- 1) Navigate to a web browser (Google, Edge, Firefox, etc.)
- 2) In the browser's search bar, type presentations.locktech.org

You should see this screen:

- 3) Click one of the buttons to access its associated *Tuesday Tech Teachings* resource.

Note: Presentations will be named by their month, week, and title. For example, Music Players is named “Month 1 Week 1 – Music Players”.

- 4) Click the “Download” button to access the presentation. The presentation will be saved to your device.

You can also access other Abbey Park related resources, such as guides for the new computers, by clicking “Abbey Park Resources” in the main menu (at the top of your screen).

HARD COPIES OF PRESENTATIONS ARE IN THE WHITE FOLDER LABELED “TUESDAY TECH TEACHINGS” IN THE LIBRARY. The folder is on the shelf adjacent to the Computer Room wall.
