Downloading Games on your Phone and Tablet!

A Review: Downloading Apps

To download apps on an Apple phone:

- Navigate to the *App Store*
- Click “Search”
- Type in the name of the app you want to download.
- Click “Install” or “Purchase”
- Wait for the app to download, then push “open”.

More Review: Downloading Apps

On an Android phone:

- Navigate to the *Google Play Store*
- Click “Search”
- Search for the app you wish to download
- Click “Install”
- Wait for the app to download, then push “Open”

Downloading Apps on a Computer

Be **very careful** when downloading apps on a computer, especially if downloading from a website. To download an app from a website, navigate to the site of the app's publisher. *Make sure that it is a trusted website.*

Alternatively, you can use the following apps on your computer by searching for them:

Windows: Microsoft Store

Apple: Apple App Store

Chromebook: Google Play Store

Logan's To- Download Mobile Games

NYT Games: Wordle, Connections, and the Mini Crossword

Hanx 101 Trivia: Trivia from lots of different categories

Crossword Jam - Crossword Puzzles

Solitaire

DoodleJump – Uses your phone's tilt feature

A Couple Review Items

How to identify a spam email or text

Check for typos or misspellings in the message. *Usually* a professional communication will not have mistakes in it.

The sender name of the email is abnormally long or contains odd characters.
